#### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Wiseman on November 4, 2005.

The application has been amended as follows:

In claim 1, line 4, --of the stator receptacle of the stator receptacle-- has been deleted and --of the stator receptacle-- has been inserted in lieu thereof.

#### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art does not show a rotary sensor having the stator mounted on a printed circuit board such that the open side of the pot-shaped stator receptacle faces the printed circuit board, in combination with the other features of

the claims. The claims depending from claim 1 are allowable for the same reasons therefor.

Claims 16 and 25 are allowed for the same reasons outlined in the Office Action mailed April 18, 2005. The claims depending therefrom are allowed for the same reasons therefor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenneth J. Whittington whose telephone number is (571) 272-2264. The examiner can normally be reached on Monday-Friday, 7:30am-4:00pm.
